

Buckhead Community Improvement District

Request for Qualifications

To Provide

**Consultant Services
for the GA 400 Interchanges Scoping Study**

RFQ-061518

Qualifications Due: June 15, 2018

**Buckhead Community Improvement District
3340 Peachtree Road, N.E.
100 Tower Place, Suite 1640
Atlanta, Georgia 30326**

REQUEST FOR QUALIFICATIONS

RFQ-061518

Consulting Services for the GA 400 Interchanges Scoping Study

I. General Project Information

A. Overview

The Buckhead Community Improvement District (BCID) is soliciting SOQs from qualified firm(s) to provide Consultant Services for the **the GA 400 Interchanges Scoping Study**

This Request for Qualifications (RFQ) seeks to identify potential providers for the Scope of Services for the project/contract listed in Exhibit I. Firms that respond to this RFQ, and are determined by BCID to be sufficiently qualified, may be deemed eligible, and invited to offer a technical approach and/or possibly present and/or interview for these services. All respondents to this RFQ are subject to instructions communicated in this document, and are cautioned to completely review the entire RFQ and follow instructions carefully. BCID reserves the right to reject any or all Statements of Qualifications or Technical Approach, and to waive technicalities and informalities at the discretion of BCID.

B. **IMPORTANT- A RESTRICTION OF COMMUNICATION IS IN EFFECT FOR THIS PROJECT.**

From the advertisement date of this solicitation until successful respondents are selected and the award is made official and announced, firms are not allowed to communicate about this solicitation or scope with any staff of BCID and BCID Board Members, except for the submission of questions as instructed in the RFQ, or with the contact designated in **RFQ Section VIII.C.**, or as provided by any existing work agreement(s). For violation of this provision, BCID reserves the right to reject the submittal of the offending respondent.

C. **The Georgia Department of Transportation (Department) Board has adopted a 15% overall annual goal for DBE participation on all federally funded projects. This goal is not to be considered as a fixed quota, set aside or preference. The DBE goal can be met by prime contracting, sub-contracting, joint-venture or mentor/ protégé relationship.**

Buckhead Community Improvement District will monitor and assess each consultant services submittals for their DBE participation and/or good faith effort in promoting equity and opportunity in accordance with the state of Georgia, Department of Transportation Disadvantage Business Program Plan.

For more information on the GDOT DBE Program please contact:

Georgia Department of Transportation
Equal Opportunity Division
One Georgia Center, 7th Floor
600 West Peachtree Street, NW
Atlanta, Georgia 30308
Phone: (404) 631-1972

D. Scope of Services

Under the terms of the resulting Agreements, the selected consultants will provide engineering and planning services for the **the GA 400 Interchanges Scoping Study**. The anticipated scope of work for the project/contract is included in **Exhibit I**.

E. Contract Term and Type

BCID anticipates one (1) contract to be awarded to one (1) firm, for the project/contract identified. BCID anticipates that the Contract Type will be paid via Firm Fixed Price methodology. As a Project Specific contract, it is the BCID's intention that the Agreements will remain in effect until successful completion of the scoping study phase of the project, and may choose to utilize the selected consultant for use on construction revisions as necessary.

F. Contract Amount

The Project Specific contract amount will be determined via negotiations with the BCID. If the BCID is unable to reach a satisfactory agreement and at reasonable rates to be paid for the services to be provided, the BCID reserves the right to terminate negotiations with the highest scoring finalist and begin negotiations with the next highest scoring finalist.

II. Selection Method

A. Method of Communication

All general communication of relevant information regarding this solicitation will be made via the BCID website (www.buckheadcid.com) under RFQ-061518. All firms are responsible for checking the website on a regular basis for updates, clarifications, and announcements. BCID reserves the right to communicate via electronic-mail with the primary contact listed in the Statements of Qualifications. Other specific communications will be made as indicated in the remainder of this RFQ.

B. Phase I - Selection of Finalists

Based on the Statements of Qualifications submitted in response to the projects/contracts listed in this RFQ, the Selection Committee will review the **Experience and Qualifications** and **Resources and Workload Capacity** listed in **Section IV. Selection Criteria for Phase I**. The Selection Committee will discuss the top submittals and the final rankings of the top submittals will be determined. From the final rankings of the top submittals, the Selection Committee will identify three (3) to five (5) firms which will be shortlisted.

All firms must meet the minimum requirements as listed in **Section IV.A.** below.

C. Finalist Notification for Phase II

Firms selected and shortlisted as finalists will receive notification and final instructions from BCID regarding the **Phase II – Technical Approach** response.

D. Phase II - Finalists Response on Technical Approach and Past Performance

BCID will request a **Technical Approach** of the three (3) to five (5) finalist firms for the project/contract. BCID reserves the right to request a presentation/interview on any project/contract as determined in its best interests; however, this additional requirement shall typically be reserved for the most complex projects. Each finalist firm shall be notified in writing and informed of the Technical Approach due date. Any additional detailed Technical Approach instructions and requirements, beyond that provided in **Section V. Selection Criteria for Phase II**, for the finalists will be provided in the Finalist Notification. All members of the Selection Committee will review the Technical Approach (and will attend the presentation/interview if so chosen). **Firms shall not address any questions, prior to the award announcement, to anyone other than the designated contact.**

E. Final Selection

Final selection will be determined by carrying the scores from **Phase I** forward for each Finalist and by evaluating the **Technical Approach** and **Past Performance** criteria for **Phase II**. The Selection Committee will discuss the Finalist's Phase II Responses and the final rankings will be determined.

Negotiations will then be initiated with the top-ranked firm(s) to finalize the terms and conditions of the contract(s), including the fees to be paid. In the event a satisfactory agreement cannot be reached with the highest-ranking firm(s), BCID will formally terminate the negotiations and possibly enter into negotiations with the second highest-ranking firm, and so on in turn until a mutual agreement is established and BCID awards a contract. The final form of the contract shall be developed by BCID.

III. Schedule of Events

The following Schedule of Events represents BCID's best estimate of the Schedule that will be followed. All times indicated are prevailing times in Atlanta, Georgia. BCID reserves the right to adjust the Schedule as BCID deems necessary.

PHASE I	DATE	TIME
a. BCID issues public advertisement of RFQ – 061518	5/18/2018	-----
b. Deadline for submission of written questions and requests for clarification	6/1/2018	2:00 PM
c. Deadline for submission of Statements of Qualifications	6/15/2018	2:00 PM
d. BCID completes evaluation and issues notification and other information to finalist firms	6/22/2018	
PHASE II		
e. Deadline for submission of written questions from finalists	6/29/2018	2:00 PM
f. Phase II Response of Finalist firms due	7/13/2018	2:00 PM

IV. Selection Criteria for Phase I - Criteria for Evaluation of Statements of Qualifications

A. Area Class Requirements and Certification

Presented teams must be prequalified in the indicated Area Class(es) in order to be evaluated. Required proof of prequalification shall be submitted as indicated in **Section VI.B.4.** below. All Submittals will be pre-screened to verify that the Prime consultant has the required Area Class(es) and that the overall team has the required Area Class(es). Any submittal in which the Prime consultant or the overall team area class requirements are not met will be disqualified from further consideration.

Each submittal will require a certification to allow the BCID to analyze risks in determining if any Firm should be ineligible for award. The certification shall cover a wide variety of information. Any firm which responds in any potentially concerning manner must provide additional information as directed herein for consideration by BCID to determine if Firm is eligible for award.

B. Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications – 30%

The Selection Committee will evaluate all firms on their Experience and Qualifications, which shall account for a total of thirty (30%) percent of the total evaluation. **The following criteria for scoring Phase I of the evaluation will be utilized to determine which firms are shortlisted:**

1. Project Manager education, registration, relevant engineering experience, relevant project management experience, experience in utilizing GDOT specific processes, manuals, or guidance.
2. Key Team Leaders' education, registration, relevant technical experience, and relevant experience in utilizing GDOT specific processes, manuals, or guidance.
3. Prime Consultant's experience in delivering projects of similar complexity, size, scope, and function.

C. Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity – 20%

The Selection Committee will evaluate all firms on their Resources availability and Workload Capacity which shall account for a total of twenty (20%) percent of the total evaluation. **The following criteria for scoring the Resources and Workload Capacity will be utilized to determine which firms are shortlisted:**

1. Project Manager Workload
2. Workload capacity of Key Team Leader(s)
3. Resources dedicated to delivering project
4. Ability to Meet Project Schedule

V. Selection Criteria for Phase II - Criteria for Evaluation of Technical Approach and Past Performance

A. Technical Approach – 40%

The Selection Committee will evaluate the shortlisted firms (Finalists) on their Technical Approach, which shall account for a total of forty (40%) percent. The Selection Committee shall utilize the following additional criteria for scoring Phase II of the evaluation to determine the highest ranked/most qualified (**NOTE: Scores from Phase I will be carried forward and combined with the scores from the Phase II to determine the final ranking of Finalists**):

1. Provide any unique technical approaches your firm offers relative to addressing anticipated design concepts, use of any alternative methods for delivery (if applicable), and/or management of the project.
2. Identify any unique challenges of the project and how your firm intends to mitigate these challenges, including quality control, quality assurance procedures. Provide any specific qualifications, skills, knowledge of the project and project area which may uniquely benefit the firm and project, and your ability and willingness to meet time requirements.

B. Past Performance – 10%

The Selection Committee may consider information provided via references provided for relevant projects, knowledge any selection committee member has of performance on relevant projects, and performance evaluations or knowledge presented on GDOT projects. The Selection Committee will consider all factors in their totality and score from 0 to 10 when arriving at a final score for the Past Performance.

VI. Instructions for Content and Preparation of Statements of Qualifications – Phase I Response

The Statements of Qualifications submittal must be submitted in accordance with the instructions provided in Section VIII, and must be **organized, categorized using the same headings (in red), and numbered and lettered** exactly as outlined below, and must be responsive to all requested information. For the sections in which page number limits are stated, each section with a stated limit must begin on a new page and end on the last page allowed for the section. **It is not allowed to begin new sections on a page allowed for a previous section, if applicable. This will enable the BCID to ensure compliance with the page limitations.**

Cover page – Each project/contract submittal must have a separate cover page for each copy of each submittal for each project/contract and each must list the RFQ#, RFQ Title, proposing firm's full legal name and the specific project contract being submitted on to include the Project Numbers, PI Numbers, County(ies), and Description.

A. Administrative Requirements

It is required to submit the information below for each copy of each submittal. This is general information and will not be scored but may be used to determine eligibility for selection. **Under Administrative Requirements section, only submit the information requested; additional information will be subject to disqualification of your firm.**

1. **Basic company information:**

- a. **Company name.**
 - b. **Company Headquarter Address.**
 - c. **Contact Information** - Name and all contact information (telephone number(s) and e-mail address) of primary proposing contact (this will be the individual with whom the BCID will direct all communications).
 - d. **Company website** (if available).
 - e. **Georgia Addresses** - Identify and provide addresses for the offices located in the State of Georgia.
 - f. **Staff** - List the number and disciplines of staff members employed in each office in the State of Georgia.
 - g. **Ownership** - Provide form of ownership, including state of residency or incorporation, and number of years in business. Is the Offeror a sole proprietorship, partnership, corporation, limited liability Corporation, or other structure?
2. **Certification Form** - Complete the Certification Form (*Exhibit "II" enclosed with RFQ*), and provide a notarized original within the firm's Statement of Qualifications. This is to be submitted for the Prime **ONLY**.
 3. **Georgia Security and Immigration Compliance Act Affidavit** – Complete the form (*Exhibit "III" enclosed with RFQ*), and provide a notarized original within the firm's Statement of Qualifications. This is to be submitted for the Prime **ONLY**.
 4. **Addenda** - Signed cover page of any Addenda issued for the Prime **ONLY**.

B. Experience and Qualifications

1. **Project Manager** - Provide information pertaining to the project manager, including but not limited to:
 - a. **Education.**
 - b. **Registration** (if necessary and applicable.)
 - c. **Relevant engineering experience.**
 - d. **Relevant project management experience** for projects of similar complexity, size, scope, and function.
 - e. **Relevant experience utilizing GDOT specific processes, manuals, or guidance** (Plan Development Process, Design Policy, Environmental Procedures Manual, etc.).

This information is limited to two (2) pages maximum.

2. **Key Team Leaders** - Provide experience of Key Team Leaders (defined as those individuals who oversee project areas determined as particularly important to each specific project, refer to the Project Description in **Exhibit I, specifically Section 7** for the list of Key Team Leaders for each Project). For each Key Team Leader identified provide:
 - a. **Education.**
 - b. **Registration** (if necessary and applicable.)
 - c. **Relevant experience** in the applicable resource area of the most relevant projects.
 - d. **Relevant experience utilizing GDOT specific processes, manuals, or guidance** (PDP, Design Policy, Environmental Procedures Manual, etc.) which are specific to the key team leader's area.

This information is limited to one (1) page maximum for each Key Team Leader identified in Section 7 of each Exhibit I. Respondents submitting more than one (1) page for each Key Team Leader identified will be subject to disqualification. Respondents who provide more Key Team Leaders than what is outlined in the requirement will be subject to disqualification as this would provide an advantage over firms who complied with the requirement and had the required number of Key Team Leaders. Respondents who do not provide the required Key Team Leaders will be subject to disqualification as this does not meet the requirements of the project and therefore would deem the respondent and its team unqualified for the award.

3. **Prime Experience** - Provide information on the prime's experience and ability in delivering effective services for projects of similar complexity, size, scope, and function, which demonstrate the firm's capabilities to provide services for BCID. For each project, the following information should be provided:
 - a. **Client name, project location and dates** during which services were performed.
 - b. **Description of overall project and services performed** by your firm.
 - c. **Duration of project services provided** by your firm, and overall project budget.
 - d. **Experience utilizing GDOT specific processes, manuals, or guidance** (PDP, Design Policy, Environmental Procedures Manual, etc.)

- e. **Client(s) current contact information** including contact names and telephone numbers.
- f. **Involvement of Key Team Leaders** on the projects.

This information is limited to two (2) pages maximum.

4. **Area Class Summary Form and Notice of Professional Consultant Qualifications** - Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom BCID will contract. The Team is defined as the Prime Consultant and their sub-consultants, who are considered team members. Prime Consultants and their sub-consultant team members must meet the Area Class requirements listed in Exhibit I for each project on which they apply. In regards to the required Area Classes, for each project/contract on which they apply, respondents should submit a summary form (example provided in Exhibit IV) which details the required area classes for the Prime Consultant and all sub-consultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes and firm's meeting the area classes listed on the summary form must meet all required area classes or the team will be disqualified. If a team member's prequalification will expire prior to the due date of the SOQs, documentation must be provided which shows that the firm has submitted its application for prequalification prior to the SOQ due date. The team must maintain its prequalification certification in order to be considered eligible for award if selected. **Additionally, respondents should submit the Notice of Professional Consultant Qualifications (for the Prime Consultant and all sub-consultants for each project) issued by GDOT and attach after the Area Class summary form.**

This information is limited to the one page for the Area Class table (unless the project needs require an extensive list of area classes) and the required Notice of Professional Consultant Qualifications.

C. Resources/Workload Capacity

1. **Overall Resources** - Provide information regarding the overall resources dedicated to delivering the specific project, including:
 - a. **Organizational chart** which identifies the project manager, prime, Key Team Leaders, support personnel, and reporting structure.
 - b. **Primary Office** - Identify and discuss the primary office which will be responsible for handling the specific project and the number and types of staff within the office and how this office could benefit the project and promote efficiency.
 - c. **Narrative on Additional Resource Areas and Ability** – Respondents are also allowed one page to provide information regarding additional resource areas identified as important to the project, to discuss how the key areas will integrate and work together on the project, to discuss any information which is pertinent to these areas, to provide a narrative regarding how the organization of the team, including the PM and Key Team Leaders can deliver the project on schedule given their workload capacity. (BCID recognizes that some individuals may be able to meet the schedule while carrying heavier project loads.) Respondents may discuss the advantages of your team and the abilities of the team members which will enable the project to meet the proposed schedule as identified in **Exhibit I** (where applicable). If there is no proposed schedule, discuss the advantages of the team and the abilities of the team members which will enable the project to move as expeditiously as possible. **Respondents submitting more than the one (1) additional page allowed, will be subject to disqualification.**
2. **Project Manager Commitment Table** - Provide a list of ALL projects (GDOT, other governments and private contracts – Information may be validated and any firm determined not to be listing all projects may be subject to disqualification) on which the proposed project manager is currently committed, to enable the BCID to ascertain the project manager's availability. Utilize a table similar to the following format with a minimum of all criteria indicated to provide the requested information:

Project Manager	PI/Project # for GDOT Projects/Name of Customer for Non-GDOT Projects	Role of PM on Project	Project Description	Current Phase of Project	Current Status of Project	Monthly Time Commitment in Hours

3. **Key Team Leader Project Commitment Table** - Provide a table similar to the below, with a minimum of all criteria indicated, which identifies ALL projects the Key Team Leaders (refer to the Project Description in **Exhibit I**, specifically **Section 7** for the list of Key Team Leaders for each Project) are committed on to enable the BCID to ascertain the available capacity.

Key Team Leader	PI/Project # for GDOT Projects/Name of Customer for Non-GDOT Projects	Role of Key Team Leader on Project	Project Description	Current Phase of Project	Current Status of Project	Monthly Time Commitment in Hours

This information is limited to the organization chart, one (1) page of text (for the Primary Office and Narrative on Ability discussion), and the tables.

VII. Instructions for Preparing Technical Approach and Past Performance Response – Phase II Response

The following information will only be requested of the shortlisted firms. The Selection Committee will evaluate the shortlisted firms using the information provided as requested below (NOTE: Scores from Phase I will be carried forward to Phase II):

The Phase II response must be submitted in accordance with the instructions provided in Section IX, and must be **organized, categorized using the same headings (in red), and numbered and lettered** exactly as outlined below, and must be responsive to all requested information. For the sections in which page number limits are stated, each section with a stated limit must begin on a new page and end on the last page allowed for the section. **It is not allowed to begin new sections on a page allowed for a previous section, if applicable. This will enable the BCID to ensure compliance with the page limitations.**

Phase II Cover page – Each submittal must have a separate cover page for each copy of each Phase II submittal and each must indicate the response is for Phase II, list the RFQ#, RFQ Title, proposing firm’s full legal name and the specific project contract being submitted on to include the Project Numbers, PI Numbers, County(ies), and Description.

A. Technical Approach

1. Provide any unique technical approaches your firm offers relative to addressing anticipated design concepts, use of any alternative methods for delivery (if applicable), and/or management of the project.
2. Identify any unique challenges of the project and how your firm intends to mitigate these challenges, including quality control, quality assurance procedures. Provide any specific qualifications, skills, knowledge of the project and project area which may uniquely benefit the firm and project, and your ability and willingness to meet time requirements.

This information will be limited to a maximum of three (3) pages.

B. Past Performance

No additional information should be submitted to fulfill this requirement. Information from the relevant projects listed as well as information on file with the BCID will be used to fulfill this requirement.

Past performance may be evaluated through the checking of project references for the proposed project manager as well as the firm. The BCID will check these references at random. For this reason, attention should be paid to the references provided to ensure that the contact information provided is accurate and the individual references are reachable. Other past performance information which may be utilized includes GDOT consultant performance ratings as well as knowledge that any member of the Selection Committee has pertaining to the past performance of the firm on any project.

VIII. Instructions for Submittal for Phase I - Statements of Qualifications

- A. There is one (1) electronic version, one (1) original paper version and three (3) paper copies of the submittal required. The Submittal must follow the format and meet the content requirements identified in **Section VI**, entitled **Instructions for Content and Preparation of Statements of Qualifications – Phase I Response**. See **Attachment 1** for a summary of how the submittals should be prepared.
- B. Submittals must be typed on standard (8½” x 11”) paper. The pages should be numbered, however, submittal pages will be counted by section to determine compliance with page limits. Responses are limited to the page counts indicated in each section using a minimum of size 11 font. Page counts will be determined by pages with print on them, not by the physical piece of paper. Each Statement of Qualifications shall be prepared simply and economically as indicated above. Colored displays, and promotional materials are not desired. Emphasis must be on completeness, relevance, and clarity of content.

NOTE: Additional pages other than what has been specified above in each section should not be included and will be grounds for disqualification. Submittals are limited to the information requested in Section VI. Instructions for Content and Preparation of Statements of Qualifications - Phase I Response only. Hyperlinks or embedded video are not allowed.

Statements of Qualifications submittals must be a PDF document for each project/contract. Each PDF document must follow the naming convention for electronic records as follows: the proposing firm’s full legal name, RFQ# and RFQ Title.

Submit your PDF Statement of Qualification on a USB flash drive, one (1) original paper version and three (3) paper copies of your submission to the Buckhead Community Improvement District address shown on the RFQ cover page.

Statements of Qualifications **must be received by BCID** prior to the deadline indicated in the Schedule of Events (*Section III of RFQ*).

No submittals will be accepted after the time and date set for receipt.

All expenses for preparing and submitting responses are the sole cost of the party submitting the response. BCID is not obligated to any party to reimburse such expenses. All submittals upon receipt become the property of BCID. Labeling information provided in submittals “proprietary” or “confidential”, or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until final award.

BCID reserves the right, in its sole discretion, to waive any technicalities associated with this submittal if deemed in the best interest of the BCID.

C. Questions and Requests for Clarification

Questions about any aspect of the RFQ, or the project, shall be submitted in writing via e-mail to: **Darion Dunn**, email: **ddunn@buckheadcid.com**. The deadlines for submission of questions relating to the RFQ are the times and dates shown in the (**Schedule of Events- Section III**). From the issue date of this solicitation until a

successful proposer is selected and the award is made official and announced, respondents are subject to the Restriction of Communication in **Section I.B.**

IX. Instructions for Submittal for Phase II – Technical Approach and Past Performance Response

THESE INSTRUCTIONS ARE INTENDED SOLELY FOR THOSE FIRMS IDENTIFIED AND NOTIFIED AS FINALISTS. Final Instructions will be provided to the Finalists in the notification.

Please note that each project/contract will follow an individual schedule which meets the availability of each Selection Committee. For this reason, the Notice to Finalists and resulting Phase II responses may be on different schedules for each project/contract.

- A. There is one (1) electronic version, one (1) original paper version and three (3) paper copies of the submittal required. The Submittal must follow the format and meet the content requirements identified in **Section VII**, entitled **Instructions for Preparing Technical Approach and Past Performance Response - Phase II Response**. See **Attachment 1** for a summary of how the submittals should be prepared.
- B. Submittals must be typed on standard (8½" x 11") paper. The pages should be numbered, however, submittal pages will be counted by section to determine compliance with page limits. Responses are limited to the page counts indicated in each section using a minimum of size 11 font. Page counts will be determined by pages with print on them, not by the physical piece of paper. Each Statement of Qualifications shall be prepared simply and economically as indicated above. Colored displays, and promotional materials are not desired. Emphasis must be on completeness, relevance, and clarity of content.

NOTE: Additional pages other than what has been specified above in each section **should not be included and will be grounds for disqualification.** Submittals are limited to the information requested in Section VII. Instructions for Preparing Technical Approach and Past Performance Response-Phase II Response only. Hyperlinks or embedded video are not allowed.

- C. **Technical Approach submittal must be a PDF document for each project/contract. Each PDF document must follow the naming convention for electronic records as follows: the proposing firm's full legal name, RFQ# and RFQ Title.**

Submit your PDF Technical Approach on a USB flash drive, one (1) original paper version and three (3) paper copies of your submission to the Buckhead Community Improvement District address shown on the RFQ cover page.

Technical Approach must be received by BCID prior to the deadline indicated in the Schedule of Events (Section III of RFQ).

No submittals will be accepted after the time and date set for receipt.

All expenses for preparing and submitting responses are the sole cost of the party submitting the response. BCID is not obligated to any party to reimburse such expenses. All submittals upon receipt become the property of BCID. Labeling information provided in submittals "proprietary" or "confidential", or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until final award.

BCID reserves the right, in its sole discretion, to waive any technicalities associated with this submittal if deemed in the best interest of the BCID.

D. Questions and Requests for Clarification

Questions about any aspect of the Phase II Response for Finalists, shall be submitted in writing via e-mail to: **Darion Dunn**, email: **ddunn@buckheadcid.com** or as directed in the Notice to Finalists, if different. The deadlines for submission of questions relating to the Phase II Response will be identified in the Notice to Finalists. From the issue date of this solicitation until a successful proposer is selected and the award is made official and announced, respondents are subject to the Restriction of Communication in **Section I.B.**

X. BCID Terms and Conditions

A. Statement of Agreement

With the submission of a SOQ, the respondent agrees that he/she has carefully examined the Request for Qualifications, and agrees that it is the respondent's responsibility to request clarification on any issues in any section of the Request for Qualifications with which the respondent disagrees or needs clarified. The respondent also understands that failure to mention these items during the question period or in the SOQ will be interpreted to mean that the respondent is in full agreement with the terms, conditions, specifications and requirements in the therein. With submission of a SOQ, the respondent hereby certifies: (a) that this SOQ is genuine and is not made in the interest or on behalf of any undisclosed person, firm, or corporation; (b) that respondent has not directly or indirectly included or solicited any other respondent to put in a false or insincere SOQ; (c) that respondent has not solicited or induced any person, firm, or corporation to refrain from sending a SOQ.

The respondent also understands that failure to provide required information may result in disqualification. Failure to provide administrative information may not result in disqualification. At the BCID's discretion, the BCID may notify the respondent that administrative information is not provided or there was an error in the information provided, **and** the BCID will allow a respondent to provide an update to the administrative information. However, the exception to this is the provision of the required **GEORGIA SECURITY AND IMMIGRATION COMPLIANCE ACT AFFIDAVIT**, which by Georgia Law requires disqualification of the response. The above changes mentioned to administrative information would be considered allowable as these would be limited to changes which **do not** affect the information which the evaluators use to score the respondents. Failure of a respondent to provide the specific administrative information as required in the notice will result in disqualification. Any respondent who provides changes in addition to the information requested in the notice shall be subject to disqualification. Failure of a respondent's SOQ to provide any information pertaining to a respondent and its teams qualifications, of any type, will subject the SOQ to disqualification. The BCID will not allow updates to qualifications to be provided to avoid disqualification as this would allow a respondent to modify its SOQ and alter the information which evaluators would score. The above changes related to qualifications would not be allowable as these would allow changes which **do** affect the information which the evaluators use to score the respondents SOQ.

B. Joint-Venture Proposals, Sub-Consultants, and Vendors

BCID does not generally desire to enter into "joint-venture" agreements with multiple firms. In the event two or more firms desire to "joint-venture", it is strongly recommended that one incorporated firm propose and maintain status as the Program Management firm with the remaining firms participating as major firms. Any joint-venture, proposed and established as a separate business entity, should have its own set of books and supporting documentation sufficient for an audit trail. Transactions should be recorded consistent with the joint-venture agreement, and care must be taken to ensure that the joint-venture bears its equitable share of the costs. Therefore, "unpopulated joint-ventures" would not have an adequate accounting system suitable for cost reimbursement contracts.

However more traditional "populated joint-ventures" are welcomed. A populated joint-venture is where an alliance is brought to life by infusing it with working capital, employees, and control systems. The alliance implements all necessary business systems, including payroll processing, purchasing, property control, etc. The alliance will develop its own indirect rate structure and calculates its own indirect cost rates, based on the direct and indirect costs it incurs.

Sub-Consultants shall generally be considered any team member which is performing any service which typically requires prequalification, which is subject to the Audit and Accounting System Requirements, and whose services are billed as costs. Sub-Consultant Team Members must be written into the resulting Agreement and are subject to all terms and conditions in the Agreement. Vendors shall be considered any team member which is performing any service which typically does not require prequalification, which is not subject to the Audit and Accounting System Requirements, and whose services are billed as direct expenses. Vendors may not be written into the resulting Agreement and may not be subject to all terms and conditions in the Agreement.

C. Non-Discrimination and DBE Requirements

The Buckhead Community Improvement District in accordance with Title VI of the Civil Rights Act of 1964 and 78 Stat. 252, 42 USC 2000d--42 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, part 21, Nondiscrimination in federally assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all proposers that it will affirmatively ensure that any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, sex, or national origin in consideration for an award.

The Georgia Department of Transportation Board has adopted a 15% overall annual goal for DBE participation on all federally funded projects. This goal is not to be considered as a fixed quota, set aside or preference. The DBE goal can be met by prime contracting, sub-contracting, joint-venture or mentor/protégé relationship.

Buckhead Community Improvement District will monitor and assess each consultant services submittals for their DBE participation and/or good faith effort in promoting equity and opportunity in accordance with the state of Georgia, Department of Transportation Disadvantage Business Program Plan.

For more information on the GDOT DBE Program please contact:

Georgia Department of Transportation
Equal Opportunity Division
One Georgia Center, 7th Floor
600 West Peachtree Street, NW
Atlanta, Georgia 30308
Phone: (404) 631-1972

D. Audit and Accounting System Requirements

BCID reserves the right to reject any proposal with firms that do not meet the following requirements:

1. Firm(s) should have an accounting system in place to meet requirements of 48 CFR Part 31 and, in the case of non-profit organizations, OMB Circular A-122.
2. Any firm that currently has an aggregate contract amount exceeding \$250,000 should have submitted their yearly CPA overhead audit.
3. Firm(s) should have no significant outstanding deficient audit findings from previous contracts with GDOT that have not been resolved.
4. The prime is responsible for being reasonably assured that all sub-consultant(s) presented as a part of the proposed team are similarly in compliance with the above requirements.

E. Submittal Costs and Confidentiality

All expenses for preparing and submitting responses are the sole cost of the respondent submitting the response. The BCID is not obligated to any respondent to reimburse such expenses. All submittals upon receipt become the property of the BCID. Labeling information provided in submittals as "proprietary" or "confidential", or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until a final award.

F. Award Conditions

This request is not an offer to contract or a solicitation of bids. This request and any proposal submitted in response, regardless of whether the proposal is determined to be the best proposal, is not binding upon the BCID and does not obligate the BCID to procure or contract for any services. Neither the BCID nor any respondent submitting a response will be bound unless and until a written contract mutually accepted by both parties is negotiated as to its terms and conditions and is signed by the BCID and a respondent containing such terms and conditions as are negotiated between those parties. The BCID reserves the right to waive non-compliance with any requirements of this Request for Qualifications and to reject any or all proposals submitted in responses. Upon review of responses, the BCID will determine the respondent(s) proposal that in the sole judgment of the BCID is in the best interest of the BCID (if any is so determined), with respect to the evaluation criteria stated

herein. The BCID then intends to conduct negotiations with such respondent(s) to determine if an acceptable contract may be reached.

G. Debriefings

In lieu of Pre-Award and Post-Award debriefings, it shall be the BCID's policy to provide the "Selection Package" at the time of the Selection Announcement (also referred to as the Announcement of Entering into Negotiations). The "Selection Package" will include the scores and comments of phases for all firms who responded and will typically be provided as a PDF file and e-mailed. Previously, pre-award debriefings only provided the scores and comments of the firm. It shall be the policy of the BCID that all debriefings will typically be conducted in writing.

H. Right to Cancel or Change RFQ

BCID reserves the right to cancel any and all Request for Qualifications where it is determined to be in the best interest of the BCID to do so. BCID reserves the right to increase, reduce, add or delete any item in this solicitation as deemed necessary.

It is the responsibility of all firms interested in submitting Statement of Qualifications (SOQs) for this advertisement to routinely check the posting on the BCID website for any revisions to this RFQ.

I. Substitutions, Alternates, Exceptions, and Extensions

No substitutions or alternates will be accepted for this solicitation. Any respondent submitting substitutions or alternates will be considered non-responsive and will not be considered for award.

J. GDOT Code of Conduct Pertaining to Conflict of Interest in the Award and Administration of Contracts

Pursuant to GDOT Policy 3A-17, any GDOT employee who leaves the employment of the Department and subsequently becomes employed with a consultant firm and whose duties while employed with the Department included the direct involvement with the negotiation, administration, or management of a contract in which the firm is either the primary consultant or a sub-consultant **SHALL NOT** be authorized to work on that contract as an employee of that firm for a period of one (1) year after their employment ends.

Additionally, on July 1st of each year, any consultant firm that is under contract with the Department as a prime or sub consultant shall provide to the Department's Chief Procurement Officer (CPO) a current list of all former Department employees employed by the firm and a document that certifies the responsibilities of those employees as it relates to the current contracts with the Department. This certification document shall attest to the fact that over the last year no former Department employee that is employed by their firm has worked on a contract between the Department and their firm where that employee, when employed by the Department, had direct involvement with the selection, award and/or administration of the consultant contract. Any consultant firm entering into a contract with the Department for the first time as a prime or sub consultant shall provide the initial required list of former Department employees and certification prior to the contract effective date. If the Department's CPO determines at any point during a contract that an actual conflict exists as it relates to the above paragraph, then the CPO shall have the authority to issue a stop work order on that contract.

EXHIBIT I

Project/Contract

1. Project Number(s): N/A
2. PI Number(s): N/A
3. County(ies): Fulton
4. Description: Engineering & Planning Services for the **GA 400 Interchanges Scoping Study**
5. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom BCID will contract. The Team is defined as the Prime Consultant and their sub-consultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or sub-consultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all sub-consultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

- A. The **Prime Consultant** **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.02	Two-Lane or Multi-lane Urban Roadway Design
3.03	Multi-Lane Urban Roadway Widening and Reconstruction
3.05	Multi-lane Urban Interstate Limited Access Design

- B. The **Team** (either the Prime Consultant and/or one or more of their sub-consultant team members) **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
1.09	Location Studies
1.10	Traffic Analysis
3.06	Traffic Operations Studies
3.07	Traffic Operations Design
3.08	Landscape Architecture Design
3.09	Traffic Control Systems Analysis, Design and Implementation
3.12	Hydraulic and Hydrological Studies (Roadway)
3.13	Facilities for Bicycles and Pedestrians
3.15	Highway and Outdoor Lighting
4.01	Minor Bridge Design
4.02	Major Bridge Design
4.04	Hydraulic and Hydrological Studies (Bridges)
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.03	Hydraulic and Hydrologic Studies (Soils & Foundation)
6.05	Hazardous Waste Site Assessment Studies

6. Scope:

The Buckhead CID (BCID) is requesting technical proposals for an engineering scoping study. This scoping study will expand upon recommendations made in the recently completed Buckhead REdeFINED LCI Update and the Lenox Road Scoping Study. Two specific improvements that were proposed include the reconfiguration of the existing GA 400 Lenox Road interchange and the construction of a new GA 400 interchange at East Paces Ferry Road.

As a pedestrian or bicyclist, Lenox Road is a foreboding corridor. In many locations, pedestrian facilities do not exist and the entire corridor is devoid of dedicated places for bicyclists (with the exception of Path400). The greatest barrier is the GA 400 interchange at Lenox Road. Designed as a 4-phase intersection with free flow right turns, there is only a small four-foot sidewalk on the bridge. Perhaps more importantly there are no sidewalks leading up to the interchange. This effectively divides Buckhead and forces people to take additional trips in vehicles. The Buckhead MARTA station bridge is one solution that helps create connectivity, but the distance is large and not direct. This barrier can be overcome working largely within the existing bridge structure. Combined with gateway elements such as distinctive lighting, decorative bridge railing, high quality flatwork and plant material, the interchange can become more inviting. Reducing the lane widths and transforming the sidewalk into a multi-use trail can further humanize the corridor.

Additionally, the Lenox Road interchange serves as Buckhead's only access point to and from GA 400. This concentration of traffic volume at the single interchange often has a negative affect on the surrounding Buckhead road network, increasing congestion on Peachtree Road (SR 141), Piedmont Road (SR 237), Roswell Road (SR 9) and numerous local streets. Providing an alternative to the Lenox Road interchange could potentially enhance the mobility to and from GA 400 and reduce traffic congestion in Buckhead.

The scope of this study will consist of a planning and design process that identifies improvements to the GA 400 Lenox Road interchange and explores the feasibility of introducing a new interchange at East Paces Ferry Road, taking into consideration the existing built environment, right-of-way requirements and, most importantly, public opinion. The outcome of the process will be:

- A robust public involvement process to ensure local input and support of the improvements
- An identification and prioritization of improvements
- An assessment of historic, archaeological and environmental constraints
- Written and graphical documentation of proposed improvements and overall feasibility
- An approved GDOT Concept Report that will be the basis for future engineering, project administration and construction

The work to be accomplished under this contract is divided into the following tasks:

Task 1: Data Collection & Documentation of Existing Conditions

- Conduct a thorough review and assessment of available data including, but not limited to, traffic studies, accident history, GIS information, property plats, master plans, zoning ordinances and existing roadway design plans.
- Compile a base map using available mapping data and color aerial photography. The compiled information must be in an ESRI compatible format. Typical sections and other engineering type drawings will be created with up-to-date CAD software to document the existing conditions. Existing conditions to be noted include the presence of existing pedestrian/bike facilities, roadway widths and grades, subsurface drainage, adjacent topography and vegetation, and any other items the consultant feels are appropriate. Additional items to be mapped shall include: all natural resource constraints, slopes/grades, utilities, historic and archaeological constraints, etc. Additionally, the consultant will collect traffic information such as Average Daily Traffic and speed data, pedestrian and bicycle counts and available crash data. The consultant may elect to undertake a topographic survey to more accurately map roadway widths, location of existing buildings, natural and man-made drainage facilities and any other features that may be critical to the planning process.

Task 2: Public Involvement

The public involvement process shall, at a minimum, include the following components:

- Project Management Team Meetings – The BCID Project Management Team will provide day-to-day management guidance to the consultant. This group should be used to guide the overall planning effort.
- Stakeholder Committee Meetings – The stakeholder committee includes all stakeholder groups and should be used as the main body providing input into the plan development. This group shall include BCID, Livable Buckhead, City of Atlanta, GDOT, MARTA, neighborhood associations, commercial property owners and other groups as deemed necessary.
- General Public Meetings – Public meetings should be used as a medium to validate stakeholder committee input.

A minimum of **two (2) General Public Meetings** will be conducted in a format determined by the project management team. The following topics/milestones should be covered in the public meetings (at a minimum):

- Provide overview of study process, the goals of the study, key dates, and opportunities for public input.
- Solicit opinions on goals and objectives of the study, and the needs, strengths, weaknesses, opportunities and threats in the study area.
- Review preliminary findings, present draft plan and gather comments.
- Seek approval for final plan documents.

Deliverables: Public Engagement Plan; presentation boards; PowerPoint or other presentation materials for all meetings; summaries of all meeting comments and input received. These will be documented through meeting notices, meeting summaries and other written communications. Responses and acknowledgement of public comments will be addressed in the study report.

Task 3: Scoping Study Report

- **Identify Land Use Context**

Identify the existing and proposed land uses in the study area, as well as the overall context of the area where the improvements are planned. Based on existing land use patterns and potential land redevelopment, the consultant will document existing and predicted vehicular, pedestrian and bicycle travel patterns to gain an understanding of the area.

- **Develop Conceptual Alternatives**

In coordination with the project management team and the stakeholder steering committee, the consultant will be responsible for identifying potential alternatives for the proposed roadway and intersection improvements. At a minimum, a preferred alternative and two (2) additional alternatives should be developed for each interchange.

Conceptual alternatives should also include roadway crossing needs, where applicable. If a proposed alignment includes off-road (multi-use path) and on-road bike facilities, discuss how these transitions will be made. The consultant will also review the proposed alternatives with regard to their respective abilities to meet the Americans with Disabilities Act Accessibility Guidelines and other applicable State and Federal requirements and document any prospective non-compliance and potential reasons that non-compliance may be deemed acceptable.

The conceptual alternatives should also include any recommendations for new road networks, interparcel access and land uses that promote pedestrian and vehicular connectivity.

If the proposed improvements will likely be implemented in phases, the consultant shall make suggestions about how to break up the project into logical segments. The consultant will develop typical sections for the different alternatives that show basic dimensions and, if applicable, where the facility is located within existing road rights-of-way and in relation to travel lanes, shoulders, drainage facilities, utility poles, existing large trees and other features.

Each of the conceptual alternatives should be displayed graphically on the base mapping and in a format that can be used for formal presentations, technical reports and public meetings.

- **Identify Right-of-way Requirements**

Compile public right-of-way and adjacent property ownership information along the study area corridor and assess the right-of-way requirements associated with each of the conceptual alternatives. This information should identify any existing easements or restrictions on affected properties. The proposed right-of-way should be shown graphically on the base map.

- **Identify Utility Conflicts**

Identify and discuss all public and private underground and overhead utilities (water, sewer, fiber optics, electric, cable, phone, etc.) in the study area. Include a preliminary assessment of whether any relocations will be required and if the relocations will occur outside of the existing rights-of-way. For underground utilities, an assessment should be made of whether they will be impacted by construction of the proposed improvements. The assessment should include identification of owners of potentially impacted utilities.

- **Identify Natural and Cultural Resource Impacts and Permitting Requirements**

Conduct an environmental screening to identify natural and cultural resources in the study area, including wetlands, surface waters, floodplains, flora/fauna, endangered species, hazardous material sites, historic resources, archaeological resources, and Section 4(f) public lands. Identify potential impacts on these resources and permitting requirements. All environmental resource screenings should be conducted by qualified professionals.

- **Develop Preliminary Cost Estimates & Project Time Line**

Prepare a preliminary cost estimate for each of the conceptual alternatives that includes bid item quantities, as well as engineering, right-of-way and reimbursable utility costs. The consultant should also prepare a project development timeline that includes the engineering, right-of-way acquisition, utility relocation and construction phases. If necessary, a project phasing plan should be developed that identifies how the proposed improvements would be implemented in phases.

Task 4: Concept Report

The consultant will prepare a formal GDOT Concept Report (as stipulated by the GDOT Plan Development Process) that will identify the improvements within the existing or proposed right-of-way of the study area. The consultant will be responsible for all tasks necessary (i.e., traffic studies, crash studies, etc.) to obtain Concept Report approval from GDOT, which would allow BCID to proceed with Preliminary Engineering phase.

7. Available Information:

Buckhead REdeFINED (See Attachment 2)
Lenox Road Scoping Study (See Attachment 3)

8. Related Key Team Leaders:

A. Roadway Design Lead
B. Public Involvement Lead

EXHIBIT II
CERTIFICATION FORM

I, _____, being duly sworn, state that I am _____ (title) of _____

_____ (firm) and hereby duly certify that I have read and understand the information presented in the attached proposal and any enclosure and exhibits thereto.

Initial each box below indicating certification. The person initialing must be the same person who signs the Certification Form. (If unable to initial any box for any reason, place an "X" in the applicable box and attach a statement explaining the non-certification. The BCID will review and make a determination as to whether or not the firm shall be considered further or disqualified).

I further certify that to the best of my knowledge the information given in response to the Request for Qualifications is full, complete and truthful.

I further certify that the submitting firm and any principal employee of the submitting firm has not, in the immediately preceding five (5) years, been convicted of any crime of moral turpitude or any felony offense, nor has had their professional license suspended, revoked or been subjected to disciplinary proceedings, nor is any team members/principals currently under indictment for any reason related to actions on public infrastructure projects.

I further certify that I understand that Firms included on the current Federal list of firms suspended or debarred are not eligible for selection and that the submitting firm has not, in the immediately preceding five (5) years, been suspended or debarred from contracting with any federal, state or local government agency, and further, that the submitting firm is not now under consideration for suspension or debarment from any such agency.

I further certify that the submitting firm has not in the immediately preceding five (5) years been defaulted in any federal, state or local government agency contract and further, that the submitting firm is not now under any notice of intent to default on any such contract, nor has been removed from a contract or failed to complete a contract as assigned due to cause or default.

I further certify that the firm or any affiliate(s) has not been involved in any arbitration, litigation, mediation, dispute review board or other dispute resolution proceeding with a client, business partner, or government agency in the last five (5) years involving an amount in excess of \$500,000 related to performance on public infrastructure projects.

I further certify that there are not any pending regulatory inquiries that could impact our ability to provide services if we are the selected consultant.

I further certify that there are no possible conflicts of interest created by our consideration in the selection process or by our involvement in the project.

I further certify that the submitting firm's annual average revenue for the past five (5) years is sufficient to allow the services to be delivered effectively by our firm and that there are no trends in the revenue which may be concerning other than normal market fluctuations.

I further certify that in regards to Audit and Accounting System Requirements, that the submitting firm:

- I. Has an accounting system in place to meet requirements of 48 CFR Part 31 and, in the case of non-profit organizations, OMB Circular A-122.
- II. Has submitted its yearly Certified Public Accountant overhead audit if it currently has an aggregate contract amount exceeding \$250,000.
- III. Has no significant outstanding deficient audit findings from previous contracts with GDOT that have not been resolved.
- IV. Is responsible for being reasonably assured that all sub-consultant(s) presented as a part of the proposed team are similarly in compliance with the above requirements.

I acknowledge, agree and authorize, and certify that the proposer acknowledges, agrees and authorizes, that BCID may, by means that either deems appropriate, determine the accuracy and truth of the information provided by the proposer and that the BCID may contact any individual or entity named in the Statement of Qualifications for the purpose of verifying the information supplied therein.

I acknowledge and agree that all of the information contained in the Statement of Qualifications is submitted for the express purpose of inducing the BCID to award a contract.

A material false statement or omission made in conjunction with this proposal is sufficient cause for suspension or debarment from further contracts, or denial or rescission of any contract entered into based upon this proposal thereby precluding the firm from doing business with, or performing work for, the State of Georgia. In addition, such false statement or omission may subject the person and entity making the proposal to criminal prosecution under the laws of the State of Georgia of the United States, including but not limited to O.C.G.A. §16-10-20, 18 U.S.C. §§1001 or 1341.

EXHIBIT IV
Area Class Summary Example

Respondents should complete a table similar to the below and indicate by placing an "X" in the appropriate column indicating the firm which meets each required area class for each specific project with particular emphasis on the area classes which the Prime must hold as well as the sub-consultants. The below table is a full listing of all area classes. Since no single advertisement would require every area class, Respondents should delete all the area classes which are not applicable to the project they are pursuing and only include the ones applicable. Particular attention should be paid to the date that consultants certificate expires.

Area Class #	Area Class Description	Prime Consultant Name	Sub-Consultant #1 Name	Sub-Consultant #2 Name	Sub-Consultant #3 Name	Sub-Consultant #4 Name	Sub-Consultant #5 Name	Sub-Consultant #6 Name
